Richardson RFPD at IMS2012

Richardson RFPD, Inc. today announces its attendance and participation at the 2012 IEEE International Microwave Symposium (IMS). IMS, along with the RFIC symposium and the ARFTG conference, is part of Microwave Week, the largest gathering of radio frequency (RF) and microwave professionals, and the most important forum for the latest and most advanced research in these fields. This year's IMS celebrates the 60th anniversary of the Microwave Theory and Techniques Society (MTT-S) and features the theme, "Microwave Without Borders."

WHERE:

Booth #1818

Palais des Congrès, Montreal, Canada

WHEN:

June 19-21, 2012

WHAT:

At the symposium, Richardson RFPD will host a full slate of 15-minute presentations and Q&A sessions, featuring the leading innovators and suppliers of RF, Wireless and Energy technologies. The diverse lineup of presentations covers everything from the trends in high efficiency devices and next generation electronic warfare, to hot topics like femtocells and picocells.

Click here for the Richardson RFPD symposium schedule [1].

For additional presentation details and information on the presenters, please visit Richardson RFPD's IMS2012 webpage.

Other highlights of Richardson RFPD's IMS2012 participation include:

• Richardson RFPD's presenter schedule will be included in the delegate bags that all IMS2012 attendees will receive at the entrance doors of the symposium.

• Visitors to the Richardson RFPD booth #1818 may register to win a GoPro Helmet HERO, the world's highest performance, wearable 1080p HD video and still photo camera.

• Daily Twitter coverage @Richardson_RFPD
