Meet the Tech Entrepreneurs: TechLaunch Demo Day

Remember TechLaunch [1]? We introduced you to them [2] back in April as New Jersey's technology accelerator, turning innovative ideas into successful enterprises through an intense 12-week LaunchPad program. They're aspirations: to support technology entrepreneurs - and they've done just that. Take a look at their clips from Demo Day presentations and interviews.

Want to learn more about the portfolio companies? Take a look below!

[3]

CodeSquare **[3]**

Offline-to-online mobile solution for businesses to instantly engage and reward customers, connect via social media, and lower acquisition costs.

[4]

Echolocation **[4]**

Mobile social networking application that provides a real-time view of user-generated content from the individuals, organizations and local businesses of a community.

[5]

Flying Kick **[5]**

Creators of ZenMenu, an interactive mobile menu application thoughtfully designed to improve the dining experience.

[6]

LivinSport **[6]**

Social media platform for athletes that connects college recruits, coaches and fans.

[7]

NickelBus **[7]**

Online service for planning long-distance trips using multiple private bus companies.

[8]

NuSkool **[8]**

Online library of lessons for teachers featuring pop-culture content and streaming videos.

[9]

Pervasive Group **[9]**

Mobile-to-mobile parental control solution for smart phones capable of preventing texting while driving and limiting content and/or usability.

[10]

Photoflow **[10]**

Event-based photo sharing service that aggregates content from multiple users as well as images from photo booths stationed at venue.

[11]

QuickCliqs **[11]**

Mobile platform for planning casual events with small groups of friends.

[12]

SeamBLiSS **[12]**

Online platform that allows consumers to connect and collaborate directly with emerging fashion designers for one-off, custom-designed clothing.
