Digi-Key Corporation and RECOM Power, Inc. Sign Global Distribution Agreement

Thief River Falls, Minnesota and Brooklyn, New York (USA) -- Electronic components distributor Digi-Key Corporation and RECOM Power, Inc. announced that the two companies have entered into an agreement in which Digi-Key will distribute RECOM Power, Inc.'s products to customers worldwide.

RECOM Power, Inc. is a leading supplier of constant current dimmable LED drivers; DC/DC converters; switching regulators; and single, dual, and triple output AC/DC modules. RECOM focuses on providing dedicated product for the industrial controls, lighting, medical, military (COTS), and telecommunications markets. RECOM products are currently available for purchase on Digi-Key's global websites and will be featured in future print and online catalogs.

“With this global distribution agreement, RECOM Power, Inc.'s reputation as a leading supplier and Digi-Key's reputation as a leading global distributor have combined to provide our customers with access to more top-quality product from another world-leading supplier,” said Jeff Shafer, Digi-Key's vice president of interconnect, passive, and electromechanical product. “We believe this new partnership with RECOM will affirm Digi-Key's commitment to working with the world's foremost suppliers of electronic components.”

“As RECOM's extensive portfolio of high-end modular power supplies continues to grow, so does our need for outstanding distribution partners,” said Christoph Wolf, vice president of sales - Americas for RECOM Power, Inc. “It is with pleasure that we are joining forces with Digi-Key to offer our solutions to a broader customer base, while making their selection and use easier for design engineers and our customers worldwide.”

Digi-Key Corporation focuses on providing customers with superior service, which includes product selection and availability, on-time delivery, and responsiveness. Using leading-edge processes and state-of-the-art technologies, Digi-Key serves a global customer base from its 600,000 square foot facility in Thief River Falls, Minnesota, USA.
