

The 10 Coolest iPhone and iPad Cases From CES

Samantha Murphy

The case you pick for your [iPhone](#) or [iPad](#) [1] says as much about your personality as the clothes you wear. Instead of standard rubber cases and hum-drum colors, there's a whole vibrant world of fun and creative ways to dress up your mobile device.

We saw so many funky and off-the-wall cases at the 2013 International CES conference in Las Vegas last week, from playful cases with mazes and games to Lego-inspired covers and funky spiders

Here's a look at the many ways you can add a little quirk to your smartphone style. Check out the gallery [here](#) [2], and let us know which is your favorite in the comments below.
