

Power Electronics Catalog

Magnetek Power Electronics Group announces a 144-page catalog detailing a range of power electronics products. The catalog covers products from board mountable converters to rack-mounted inverters. The catalog includes AC/DC power supplies (200 W to 1750 W), board-mount DC/DC converters (with outputs from 1.2 to 12 V DC and power ratings from 3 W to 200 W), configurable power supplies (500 W to 1750 W), CompactPCI power supplies (200 W to 500 W, AC and DC input), rectifiers (3 Amps to 200 Amps), inverter 1.5 K VA), small energy stations, and controllers. The catalog provides detailed specifications and drawings.
