

COTS Family of Thin Film Resistors

IRC introduces the COTS (commercial off-the-shelf) family of its TaNFilm[®] and TaNSil[®] thin film resistors. Using the same manufacturing equipment and materials as the military qualified thin film resistors, IRC's COTS-level products are suitable for military and aerospace applications. The family includes Precision Thin Film Chip Resistors (PFC), the High reliability DIP network, the LR Series, the Flat Pack Series Resistor Network, the Small Outline Network (SON), TaNSil SOIC Series, and theTaNSil QSOP Series.
