

Digi-Key Corporation and Powerex, Inc. Announce Distribution Agreement for North America

Electronic components distributor Digi-Key Corporation and Powerex, Inc. announced that the companies have entered into an agreement for the distribution of Powerex products in North America. In stock and available for immediate shipment from Digi-Key are Powerex's IGBT modules, Intelligent Power Modules (IPMs), thyristor power switches, DC/DC converters, and high power diode modules. Slated to be featured in future print and online catalogs...[Continue](#) [1]
