

All-in-One, Wi-Fi Hotspot and Internet Access Gateway From Nomadix

WDD Staff

[Nomadix, Inc.](#) [1] (Agoura Hills, CA) has announced the Nomadix Wireless Connect Gateway (NWCG), an all-in-one Wi-Fi hotspot and feature-rich Internet access gateway that provides secure Internet access for wireless users. It is designed for smaller establishments, such as retail chains, restaurants, conference rooms, waiting rooms, or any location where visitors want to connect to the local area network. Features include:

- Plug-and-play technology.
- Simple installation.
- Robust gateway features that include easy visitor registration, marketing Web pages, and a portal page.
- A 3 button thermal printer, which allows establishments to create time allotments for specific subscribers to the Internet.
