

Amphenol's TUV-Certified H4 PC Connector

WDD Staff

[Amphenol Industrial Global Operations](#) [1]

(Sidney, NY) has announced that its photovoltaic (PV) H4 connector is TUV-certified to 1,500 V, and meets the requirements of IEC EN 50521, Certificate #: R-72123201. This new rating approval combined with the existing 1,000 V by UL further establishes Amphenol's H4 series of PV connectors as the technology leader for PV systems worldwide. Additional features include:

- RADSOK technology.
- Compatibility with industry-standard connectors.
- NEC 2011 approval.
- RoHS-compliance.
- Availability in 4 different gauges including 14 AWG rated @ 32 A; 12 AWG rated @ 40 A; 10 AWG rated @ 44 A; and 8 AWG rated @ 65 A.
