

Carlo Gavazzi Announces Latest Gen of PA18 Series

WDD Staff

[Carlo Gavazzi](#) [1] (Buffalo Grove, IL) has announced an addition to the latest generation of our PA18 Series photoelectric sensors in the popular M18 housing. The PA18CAD...WS Series features:

- A wider detection angle and shorter blind zone.
- A sensing distance of up to 400 mm.
- A detection angle of $\pm 16^\circ$.
- A blind zone of 0 mm @ 400 mm sensing distance.
- A power supply of 10 – 30 VDC.
- Up to 100 mA DC load current.
- A detecting frequency up to 500 imp/sec.
- Yellow and Green LED indication for power, signal, output and safe detection.
