

Maxim's Bits for Tuner for DAB

WDD Staff

[Maxim Integrated Products, Inc.](#) [1]

(Germany) [[NASDAQ: MXIM](#)] [2] has announced the MAX2173 RF to Bits tuner for digital audio broadcast (DAB) applications in automobiles and other mobile DAB/FM products. The RF to Bits DAB/FM tuner integrates:

- A radio tuner.
- Analog-to-digital converter.
- Digital filtering.
- A digital I2S output to interface directly to digital signal processors.
